PLEASURE IN READING

New books!

During the summer holidays a lot of new books have arrived. Come and check them out at your school's library! You can borrow them for reading at school or at home.

DIGITAL LITERACY

De Voorleeshoek

With a library card you can use De Voorleeshoek for free. Besides Dutch reading videos there are 100 videos available in Moroccan, Arabic, Syrian Arabic, Polish and Turkish. You can access De Voorleeshoek via Jeugdbibliotheek.nl. Click [this link](#), choose the language you prefer, and log in with your card number (11 digits). The password is a combination of your **month** of birth + your **year** of birth. For example: you are born on June 11th 1970, your password is 0670. It's fun and educational!
