

# MEDIA LITERACY

*How do you deal with it?*

“ MEDIA LITERACY MEANS DEALING WITH VARIOUS FORMS OF (ONLINE) MEDIA SUCH AS GAMES, SOCIAL MEDIA, AND NEWS IN A SENSIBLE AND CONSCIOUS MANNER. ”

- Are you media literate yourself?
- Realize that children are very quick with media
- Know what your child is doing online
- Set boundaries because children will push them
- Take their online world seriously and engage in conversation
- Be aware of the risks, but primarily focus on the opportunities
- Maintain contact with the school
