

Dear Parents/carers,

What a pleasure it was again to welcome the children last Monday. Great vacation stories from South Korea to Columbia and everything in between. For some children, the start is always a bit exciting, but after a few minutes in the group with the teacher that is already gone and everyone is running along nicely in the group. On to a great year!

Information evening

Dear Parents/carers,

You may re-enter the school building but we cannot have everyone present at the same time. In order to still be able to show you, after a long period of absence, where your son/daughter is in school and to get acquainted with the teacher, we have scheduled an evening. We are pleased to be able to organize this and welcome you back to the school building. It is not possible to take siblings into account in this process and so you may be able to attend two evenings.

The rules:

1 Parent per session, parents will be divided into 2 groups:

1st session/ group: 18.45-19.30 Parents with initial surname A to M

Treats

Celebrations may be celebrated of course. Last year it was not possible to hand out treats but this will now change. When your son/daughter has his or her birthday, a treat can be handed out again. Please make an appointment with the teacher. Keep in mind that we are a Healthy School and we would like to see healthy treats. Here are some examples: [Gezonde traktaties voor op school • Juf Maike](#).

School swimming championships

Attached you will find the newsletter about the championships and on September 22 there is even already a swimming day organized.
