

Dear Parents/carers,

We really enjoyed the school trip to the Efteling. I assume that the children came home just as tired and satisfied as we all were.

Retirement for Lia

Dear children, parent(s) and caretaker(s) of De St@rtbaan and I-St@rt,

After having worked for school for almost 21 years, I have decided, after much reflection, to take early retirement. Together with my husband, who has already retired, I will enjoy our grandchildren and do all kinds of fun things together.

In 21 years I have seen many children and parents come and go, experienced many nice, less nice and sad events and enjoyed (almost) every minute.

I will miss De St@rtbaan / I-St@rt, the hustle and bustle and the experiences around it. De St@rtbaan and I-St@rt have a place in my heart.

As of 1 August 2022 I will no longer work at the school and I will retire, of course there will be a successor who will take over my tasks.

I would like to thank everyone for their trust and friendliness in the past years and wish everyone the best for now and in the future.

THANKS!

Kind regards,

Lia van den Broek

Administration De St@rtbaan / I-St@rt We will miss you dearly Lia on behalf of all colleagues of De St@rtbaan and I-St@rt.

If you are interested in the vacancy that has arisen, or if you know someone who is suitable, we look forward to receiving your application. Work on the play hill

From Monday 13 June onwards, work started behind the construction fences on the mountain. We will have little trouble with this. They will have to transport materials from the side of the cycle path. This will be mostly between 7 and 8 am. The work is expected to be completed by 15 July. Finally, a new fence will be placed further up the mountain and the construction fences will be removed.

Group 5c request for help for the art route

For the Art Route, group 5C of teacher Lianne and teacher Irene are looking for old appliances that can be taken apart or objects that consist of different parts, such as a bicycle, ventilator, pram etc. We are not looking for mobile phones or other things with glass or that cannot be opened. If you have anything left, you can hand it over to them in the classroom (2nd floor).

NPO update

Last year, we received extra funds which we use to improve our teaching, work more efficiently and, at times, catch up on things that may have happened. We use E-Wise, an online training tool for all our colleagues. We have purchased laptops for all colleagues to work better. Extra teaching assistants have been hired as well as extra people for remedial teaching and a behaviour specialist. Furthermore, many materials have been purchased, such as the spicy plus towers, the technique towers, smart games and many other aids. The coming period we will look for a new language method that will also be purchased with these funds.

Dutch lessons for parents

We're happy to announce that we will be starting the Dutch beginners lessons for parents again in school!

During these lessons you will learn the Dutch language, but also about the Dutch culture and traditions. It's a place to get to know each other and practice Dutch together at the same time.

This schoolyear we will be offering Dutch for adults on a beginners level every Friday morning at 8:30 until 9:30 and then we have half an hour to get to know each other.

And we offer lessons at a higher level on Friday mornings at 10:30 until 11:30 online. We will start where we left off last year in the book and the year before (starting from chapter 5 in Taal Compleet).

All the Dutch lessons will be taught by Rianne van der Werf from Rianne Teaching.

The lessons will cost € 175,- in total (for +/- 33 lessons) (the exact amount of lessons are still to be determined).

If you wish to take part in the Dutch lessons for adults on Friday mornings, please send an e-mail to Rianne van der Werf at: rianneteaching@gmail.com with the following information:

You can sign up until September 5th.
