PLEASURE IN READING

What series are you reading?

When children can read on their own, nothing is better than discovering a series they enjoy. It allows them to enjoy reading about a familiar topic and a familiar main character. You quickly get into the story, which makes series books easy to read. There are an awful lot of great series out there. Just look in your school library for:

- Dolfje Weerwolfje – Paul van Loon
- Heksje Lilly - Knister
- Gamehelden – Marcel van Driel
- Knots - Tijs van Marle
- De regels van Floor – Marion Hoffman
- Geheim agent – Manon Sikkel
- Spekkie en Sproet – Vivian den Hollander
- De magische apotheek – Ana Ruhe
- Het ministerie van oplossingen – Sanne Rooseboom
