

NEWS FROM YOUR MEDIACOACH

Janneke van de Griendt
November 2024

PLEASURE IN READING

Do you already have an account with the library's online services?

All libraries in the Netherlands have transitioned to a new national login system. From now on, a national login with KB (the national library) provides access to your loan records and the library's online services.

If you do not yet have an online account and still wish to use the Online Library App, Bereslim, Yoleo, or The Reading Corner, you will need to link your account once by following [this guide](#).

Do you have questions? Contact the mediacoach at your location.

TIP FROM THE LIBRARY

Parent-Child Morning (for parents with young children aged 0 to 4)

Every last Friday of the month, an activity takes place at the Witte Dame, and BoekStart coach Maaïke will be there to give you great book tips and answer all your questions about reading aloud. Join us in the children's section! No registration is required, and admission is free. Time: 10:30-12:00

Check [the calendar](#) for activities on November 29 and December 20 (adjusted date).

DIGITAL LITERACY

Media Literacy Week

This runs from November 8 to 15 and focuses on the theme "Healthy with Your Screen."

The Eindhoven Library is organizing various events on this theme aimed at parents and children.

On November 5, Marije Lagendijk will present her book *Digital Parenting* at the Best Library.

On November 12, we are hosting a hybrid event at the Eindhoven Library focused on healthy screen use, with organizations like the Police, GGD (Public Health Service), and youth work joining us.

On November 15, TikTok influencers Quinn & Aaron (>950,000 followers) will introduce children to their world and provide plenty of tips for staying digitally resilient.

Check [here](#) and see the attached flyer for more information.
