PLEASURE IN READING

Children's Book Week 2021:

Becoming what you want

Professions like astronaut, doctor or chef... children often imitate what they want to become. Or they are inspired by their idols or heroes: a famous singer, football player or YouTuber. Children's books are an inexhaustible source for thinking or fantasizing about professions.

Borrow a book about professions from the library and talk about it together. What do you like about this profession? What would your day be like if you had this profession?

Click [here](#) for our collection.

Reading together is a lot of fun, but it also improves your vocabulary and language development.

MEDIA LITERACY

App of the month

Toca Life: World

A Toca app where you can create your own world and any story: all Toca Life apps (City, Vacation, Office, Hospital and more) brought together in one place and connected in one giant fantasy world.

Note: contains in-app purchases, so always protect your payment details with a password!

TIP FROM THE LIBRARY

Fun activities for kids

Come and dream about your profession in the future during the Children's Book Week! Would you like to ask people with all kinds of professions some burning questions? Would you like to enjoy a musical performance of the book 'Ziza does not want to be a ninja'? Or play a library game? During the Children's Book Week there is a lot to do in the library.

Click [here](#) to view our full program and to reserve tickets (also for children from 0 to 4 years old and their parents).
