PLEASURE IN READING

Reading is fun!

Is your child in grade (groep) 3 or 4? Your child will then receive a worksheet from Eindhoven Library. This sheet contains puzzles and games that you can read (together) during the holidays. This way, your child will not fall behind during the summer holidays.

Didn't your child receive a worksheet? Ask the teacher, get a copy from the library or download it from our website. Is your child in grade (groep) 5 to 8, download the worksheet [here](#) or pick it up in the library.

Extra tip for toddlers and first graders!

During the holidays you get [free access](#) to all of the BereslimmeBoeken. In addition to access to the nearly 100 digital picture books, the Bereslim offer includes [eight new AVI books](#) especially for new readers.

MEDIA LITERACY

App of the month

Sand Draw

Sand Draw is a simple yet fun app that allows you to pretend you are drawing in realistic sand. You will look like a sand wizard! Let your child experiment and make shapes. And after that? It will be even more fun to start drawing together in real sand. No beach nearby? Grab a plate, and add some sand and seashells.

Available for both [Android](#) and [iOS](#).

Price: free

TIP FROM THE LIBRARY SUMMER ACTIVITIES

Would you like to join a creative workshop or fun activity this summer? Whether you want to learn to draw, vlog, make jewellery or make cheese on a farm, everything is possible. Check out our [website](#) and get your tickets!

And don't forget to join our [WEET IK VEEL! festival](#) on Strijp-S.

Have a really good summer!
