## PLEASURE IN READING

### Library card

With your library card you can do much more than borrowing books from the library. For example, you can borrow e-books and audio books via the Online Library app. Are you looking for digital picture books? Then you can go to Bereslim. Or are you going to read karaoke with Yoleo? It's all possible with your library card!

Here you can find out how all of this works.

### Library in the Witte Dame

In addition to borrowing from the school library, you can also borrow books from the Witte Dame. You do need a different card for that. Children up to 18 years old can join for free.

Sign up via this [link](#) and come visit our library in the city center!

## MEDIA LITERACY

### App of the month

Don't want to just let your child watch TikTok or YouTube videos? Then the app 'Monument Valley 2' is the tip for you!

In this app you need to solve puzzles to help the main characters. Children think they are playing a game, but in reality their problem-solving skills are being developed. The app is unfortunately not free, but it is well worth your money!

Available on [Android](#) and [iOS](#)

## TIP FROM THE LIBRARY

### Book Start day!

On 11 June, the library organizes the Book Start Day between 10 am and 1 pm. During this morning the youngest visitors and their (grand)parents are extra welcome and we organize some special activities. Check our [website](#) for more information.
