PLEASURE IN READING

The National Read-Aloud Days (De Nationale Voorleesdagen)

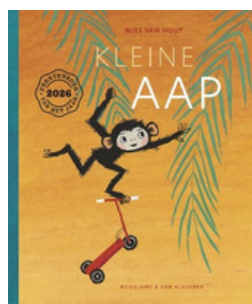

On January 21, the most delightful campaign of the year begins again: De Nationale Voorleesdagen (the National Read-Aloud Days). Reading aloud to children is very important, and - as every year - one beautiful picture book takes centre stage. This year it's "Kleine Aap", a picture book about a little monkey with some wonderful and exciting news. So pick up *Kleine Aap* - or one of the other titles from the **Picture Book Top 10** - and enjoy reading aloud. And especially do it in your own language!
