

Reading in the summer vacation

Soon it will be summer vacation again! Time for sun, being free and... reading a good book? Unfortunately, the latter is not all too obvious. That is a shame, because children who hardly read during the summer holidays run the risk of falling back as much as 1 or 2 AVI levels in their reading development. That is why reading during the summer vacation is super important.

Reading during the summer vacation has been made extra easy! Children can borrow books from the library at school for longer and they can use the 'Online Bibliotheek' app for free!

Borrow books from the library at school for an extra-long time

In the library at school, children can borrow books from now on until **Monday 11 September**. After the holidays there is still some time to collect the books and return them at school. The children can also borrow **6 books at the same time** until 13 September. So that will be a nice long read during the holidays!

Tip

Write down the pass number of your child's library card at school! Then you can always log in to "My Library" via the website: www.bibliotheekeindhoven.nl

Logging in on "My Library"

You log in with the card number (starting with 4050...) and a four-digit combination of your child's date of birth. The month of birth and the last two digits of the year of birth. Example: date of birth 8 June 2009 becomes 0609.

The online Library-app

You can also read digitally during the summer holidays! Children can continue reading in the online Library app with a free youth subscription or their school library pass in the summer. The app is free!
