## TIP FROM THE LIBRARY

### Give a book as a gift!

The 'Give a (picture) book as a gift' campaign has the mission to let all children in the Netherlands and Flanders grow up among the most beautiful books. How wonderful it would be if every child had it's own collection of the most beautiful children's books in their room - with the result that books would have a permanent place in it's life. The children's book of 2024 is Mees Kees - A spirited class by Mirjam Oldenhave. Starting Feb. 2, this beloved book will be available in bookstores for only €2.99.
